"I so appreciated what Madona and James were doing to expose my child and others to the college experience that I wanted to help out in any way that I could. They have such a blessed and giving spirit. So, whatever is needed that I can do, I'll always be there." Marjorie-Whigham-Desir, Volunteer/

Fashion Institute of Technology-Bound Marie Saint-Cyr had this to say about her experience: "The Community Networking Soiree was a great experience. It allowed me to communicate with people who had the same interests as me, and I was able to communicate with high officials. This allowed me to start networking as an up and coming art-

"Recently, I had the privilege of speaking to a group of college-bound high school students at the Community Networking Soirée sponsored by Your Time For Creative Empowerment, Inc. As a Nassau County Legislator, I want young people to see how much I value the importance of education, a good work ethic, and community service.

Sharing my story as well as conveying to them the power of living a goal-oriented, purpose-driven life inspires me in my work as a lawyer and elected official because I am imparting words of wisdom to the next generation of leaders, intellectuals, and good citizens."

Hi Mrs. Cole-Lacy,

I had a wonderful time at the networking soiree today. I was inspired by the many dynamic speakers you had on the program. Thank you again for the lovely gifts you gave my brother and me..... I will be sure to start working on my art for the competition. Thanks again!

Sincerely,  
Nailah Garard

Resource Person, Ms. Geraldine Gooding, a young female engineer, had this to say: "The Networking Soirée held for high school and college students was successful and a much-needed event. The students were quite inquisitive and asked very insightful questions. Ms. Gooding also had this to say: "On a personal note, as a high school student, I was very shy and asking a stranger a question was out of character for me. Remembering this, I zoned in on the students that stood off to the side quietly. Some students need one-on-one attention and I was happy to offer that! No one should be left out. I truly appreciate the opportunity to be a part of the soirée and to interact with youth. I look forward to being a part of future events!"
